## A Bibliography on Family Law in Tanzania

**Ayang Utriza Yakin** (*SciencesPo Bordeaux*) and **Erin E. Stiles** (*Nevada University*)

In the last two decades, there has been increasing interest and publications on legal study and research about Tanzania and Zanzibar. The objective of this list is to merely help people who are interested to know further about personal status, mainly on family law. The bibliography was compiled and selected from library universities, university publishers, and commercial publishers worldwide. We found around 113 titles and verified many times, and did cross-references. However, if there are some mistakes and some references not listed here, it is our ignorance. This bibliography was listed alphabetically and referred to the Chicago Manual System 17th edition.
